TO MR. CARY

FROM: Don

SUBJECT: Agency Views on Justice Department ^{SUSPENSE}
Draft Bill Regarding Garnishment of
Federal Employees' Wages

NOTE: The Administration has determined that it must get additional statutory authority such as ~~the expressed~~ authority to draft regulations before garnishment can begin. Justice has drafted a bill which in part provides that the Chairman of the Civil Service Commission shall draft regulations for civilian agencies. Because of our unique cover problems, there is a consensus of opinion (DDA, OGC, and CCS) that we should seek authority and ~~to~~ draft our own regulations. This letter proposes such authority and emphasizes the potential dangers to the Agency from garnishment. I would like to have it to OMB by first thing Monday morning.
